

MIAMI BEACH

OFFICE OF THE CITY MANAGER

LTC # 116-2006

LETTER TO COMMISSION

To: Mayor David Dermer and Members of the City Commission

From: Jorge M. Gonzalez, City Manager

Date: April 21, 2006

Subject: Evaluation Committee Related to Request for Proposals (RFP) No. 15-05/06 –
Removal and Disposal of Derelict Vessels.

The purpose of this LTC is to update the Mayor and City Commission on Request for Proposals (RFP) No. 15-05/06, which seeks responses from licensed and high performing contractors with strong professional qualifications in the removal and disposal of derelict vessels, at the discretion of the City Commission.

Pursuant to the City Key Intended Outcome to improve the cleanliness of Miami Beach waterways, the successful contractor must perform the following work tasks under any awarded contract:

- Dive, patch, and re-float with a pollution stand-by crew which will include a salvage master, divers, patching materials, pumps, compressors and other specialized equipment necessary to recover the sunken vessels;
- Tow re-floated vessels to a county landfill area for disposal;
- Documentation of all work performed.

I am considering appointing the following individuals to serve on the Evaluation Committee on the above subject RFP:

Joel, Aberrach, Miami Beach Resident, Member of the Miami Beach Marine Authority
Dr. Morris Sunshine, Miami Beach Resident, Chairman of the Miami Beach Marine Authority
Lisa Botero, Environmental Specialist, Public Works Department
Frank de la Torre, Officer, Florida Fish and Wildlife Commission
Steven Bogner, Marina Manager, City of Miami
Dale Twist, Sergeant Police, Miami Beach Marine Police Patrol Department
Donald Druitt, Emergency Management Coordinator, Fire Suppression Department

I would appreciate your comments and/or suggestions by Monday, April 29, 2006.

Thank you.

c: Patricia D. Walker, Chief Financial Officer
Gus Lopez, Procurement Director
